

Scala 22"

Experience Better Living

Scala 22 Brushed Chrome

Insets

Create the perfect atmosphere with the Scala 22" inset electric fire, a contemporary centrepiece designed to bring striking visual impact and comforting warmth to any room. With its wider 22" fascia, the Scala gives the impression of a larger fire while fitting seamlessly into a standard fireplace opening. Available in two sophisticated finishes – black nickel and brushed chrome, this model is a stylish addition to both modern and traditional interiors.

Delivering up to 2kW of heat output, the Scala offers a choice of ambient lighting and flame settings to create a cosy, fireside glow tailored to your mood. Every feature can be easily controlled by the sleek remote, putting warmth and atmosphere at your fingertips. Let the realistic flame effect draw you in, the Scala 22" is more than just a fire; it is a centrepiece.

Optiflame technology - enjoy the warm, mesmerising glow of Dimplex's trusted Optiflame effect delivering realistic, flickering flames that bring instant ambience to any space.

2kW Heat output - select from two heat settings for extra warmth when you need it or enjoy the realistic flame effect on its own, without any heat, for year-round ambience.

Optional spacer kit - an optional spacer kit allows for versatile installation, which enables the fire to be used freestanding against a wall or within a fire surround, even where inset depth is limited.

Remote control operation - effortlessly adjust flame effects, ambient lighting, and heat settings with the sleek remote control.

Also available in 16" size - prefer a more compact design? The Scala is also offered in a standard 16" version, ideal for smaller rooms or where space is limited.

Warm & welcoming presence – this fire not only warms the room, it will transform it. With its realistic flame effect and modern design, it creates a calming, fireside atmosphere.

Optiflame technology
A vibrant and realistic flame effect that adds depth and comfort to any space.

2kW heat output
Offering up to 2kW of heat via a fan heater.

LED lighting
Flames and lamps use energy-efficient LED lighting that requires no maintenance and can be used on flame effect only.

Fuel bed
Dancing flames rising over the realistic glowing log effect fuel bed.

Remote control
Controlling all functions of the fire.

Manual control
Can also be operated via the button display on the unit.

Thermostat
Maintains the desired room temperature by automatically switching on and off.

Flame effect only
Enjoy the ambience of the flickering flame effect any time without the heat.

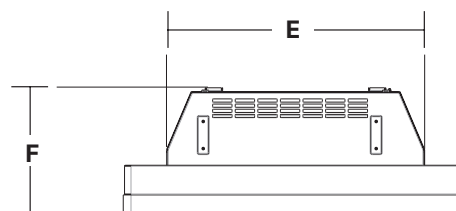

Built-in timer
8 hour programmable timer.
