Designed to allow for a one, two or three sided installation, the Arteon 3 sided inset hole in the wall electric fire is an innovation in versatility. Available in 3 convenient sizes 1000mm, 1250mm & 1500mm, there is the perfect size to suit your home. The panoramic design creates a remarkable visual impact with 5D flame effect, glowing ember effect and new realistic, hand painted log display.

The shimmering fuel bed with multi-LED effect has 13 dimmable colour options and rotation setting whilst down lights illuminate the loose logs to offer the ultimate performance and captivate the room. Design your perfect fuel bed effect with the inclusive pebbles, bark, slate & crystals; the finished look will be bespoke to you. Create your perfect mood with the optional LED mood lighting kit that simply works off the same remote control as the fire where you have on offer all the colours and settings as the fuel bed.
